## Goland Vetry Granicy Winds Border 1982

*the garland - loyola university maryland - winds its destiny to the foot of the lake, the lake of the raven shrieking past on a facade of concrete, glassy reflections of the sun's blankness wheel, a handle, a flash of flesh. the proud sun shoots impotent daggers at the moving waters, glinting off ripples which feather the surface. cocooned in jagged oblivion of steel and glass and rubber,*
